Choose Life of Georgia

Title: License to Live

Length: approximately 40 seconds

Instructions: Recommend not putting a music bed underneath this PSA

Voice:

Many women feel overwhelmed when facing an unplanned pregnancy. But there are safe places in Georgia for these women to consider their options.

At Georgia's pregnancy resource centers, each woman is encouraged to continue her pregnancy and develop a parenting plan. Whether she chooses to parent her child or place her child in the loving arms of adoptive parents – our centers help her make a decision both she and her unborn child can live with.

By purchasing a ***Choose Life*** tag, you will be supporting pregnancy resource centers across Georgia.

Grant Georgia's unborn babies a "*License to Live*" by helping their mother's "*Choose Life*."
